QUICKWALL INTERLOCKING PVC PANEL

QuickWall is redefining the industry with a quick to build and strong, free-standing vinyl wall used for construction, renovations, and partitions. Able to handle heavy-duty renovations, QuickWall's innovative design makes it ideal for warehouses, building partitions, healthcare facilities, animal containment, dog kennels, food processing plants, agriculture, office rooms, hoarding walls, farming, renovation walls, operating rooms, livestock facilities, car washes, and more.

FEATURES & BENEFITS

- Fast and flexible solution to create a permanent or temporary wall in any application.
- Free-standing and no stud framing required
- QuickWall allows easy, clean, and rapid deployment and installation.
- QuickWall is strong, withstanding impact, heavy push load, and heavy items directly attached.
- Non-porous surface, easy to clean or sanitize.
- Lightweight and strong panels for easier transport, assembly, and reconfiguration.
- Tight-fitting Tongue & Groove.
- Environmentally sustainable – 100% recyclable with ZERO cut-off waste.
- Openings can be cut easily and directly into QuickWall.
- UV stabilizers prevent discoloring and cracking.

FREE-STANDING EASY TO INSTALL WALL SYSTEM

QuickWall by DuraMax is a free standing vinyl wall system that is easy to install, reconfigure, and remove. It's a fast and flexible interior wall and partition solution.
