Duramax PVC Wall and Ceiling Panels
now exceeds FRP ASTM testing requirements!

You can now specify Duramax PVC Wall Panels in any application where FRP had been assigned, for new or retrofit construction.
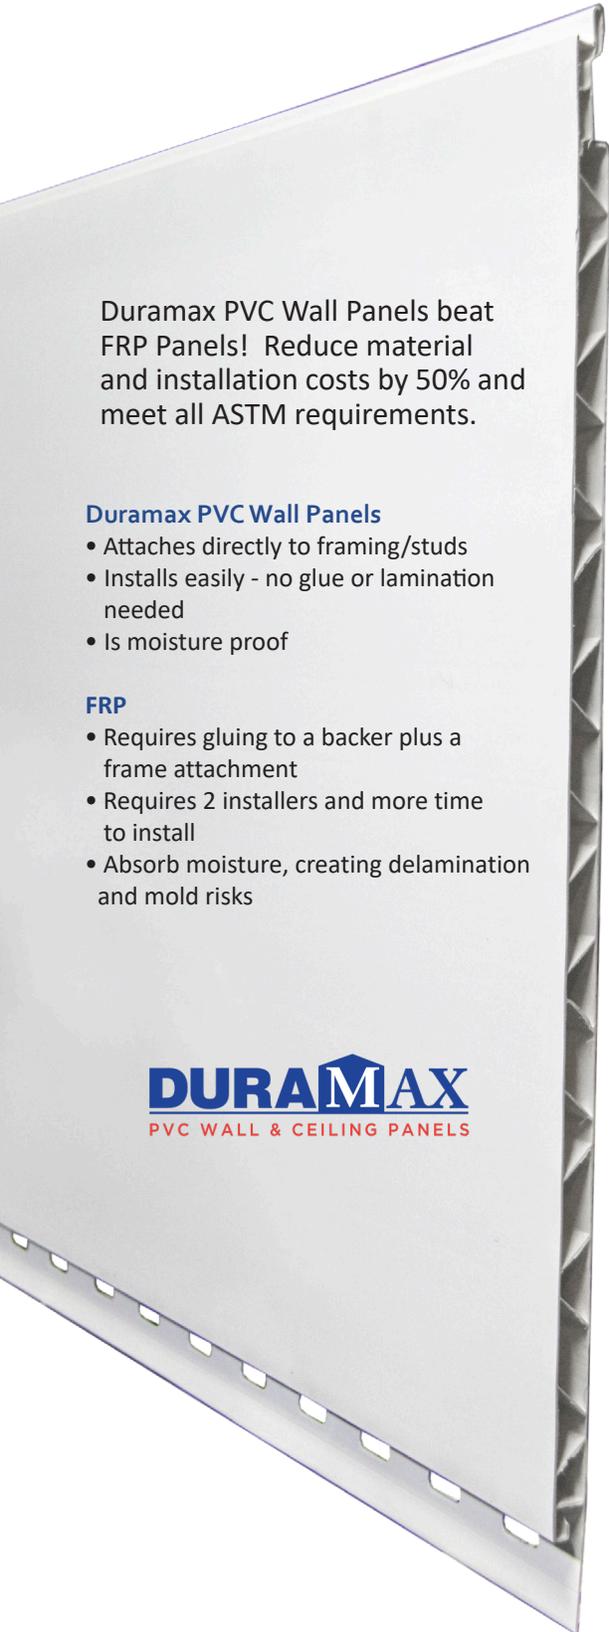

Duramax PVC Wall Panels beat FRP Panels! Reduce material and installation costs by 50% and meet all ASTM requirements.

Duramax PVC Wall Panels
- Attaches directly to framing/studs
- Installs easily - no glue or lamination needed
- Is moisture proof

FRP
- Requires gluing to a backer plus a frame attachment
- Requires 2 installers and more time to install
- Absorb moisture, creating delamination and mold risks

DURAMAX
PVC WALL & CEILING PANELS

ASTM Test Results

ASTM Test Results	DURAMAX PVC WALL & CEILING PANELS PVC Wall Panels	FRP
ASTM E84 - standard test method for surface burning characteristics of building materials	Class A	Class A
ASTM D256 - standard test methods for determining the Izod Pendulum Impact Resistance of plastics	Pass	Brittle
ASTM D638 - standard test method for tensile properties of plastics	7,660 psi	Tensile Strength 6,000 to 8,000 psi
ASTM D790 - standard test methods for flexural properties of unreinforced and reinforced plastics and electrical insulating materials	12,400 psi	Flexural Strength 8,000 - 10,000 psi
	509,000 psi	Flexural Modulus 300,000 to 500,000 psi
ASTM D2583 - standard test method for indentation hardness of rigid plastics by means of a barcol impressor	75.5, Hardness (Shore D)	65, Hardness (Shore D)

Duramax PVC Wall Panels is the right solution for the walls and ceilings of all of your high-moisture commercial projects, including Car Washes, Garages, Warehouses, Commercial Kitchens, Food Storage / Food Prep Stations / Cold Storage, Breweries, and Livestock.

Wall & Ceiling Liner Panels: Features & Benefits

Feature	DURAMAX PVC WALL & CEILING PANELS PVC Wall Panels	FRP
Durable surface that resists scratching and shattering	Yes	Yes
100% moisture resistant	Yes	No
FDA and CFIA certified	Yes	Yes
Thermal shock and chemical resistant	Yes	Yes
Cleans easily with steam, high pressure sprayers or soap/water	Yes	Yes
Class A or Class C Fire Rating available	Yes	Yes
Moldings and fasteners available for easy installation	Yes	Yes
High-impact strength	Yes	Yes
Low maintenance	Yes	No
Meets ASTM D-5319 standard specification for glass-fiber reinforced polyester wall and ceiling Panels	Yes	Yes
