

DURAMAX

PVC WALL PANELS

New

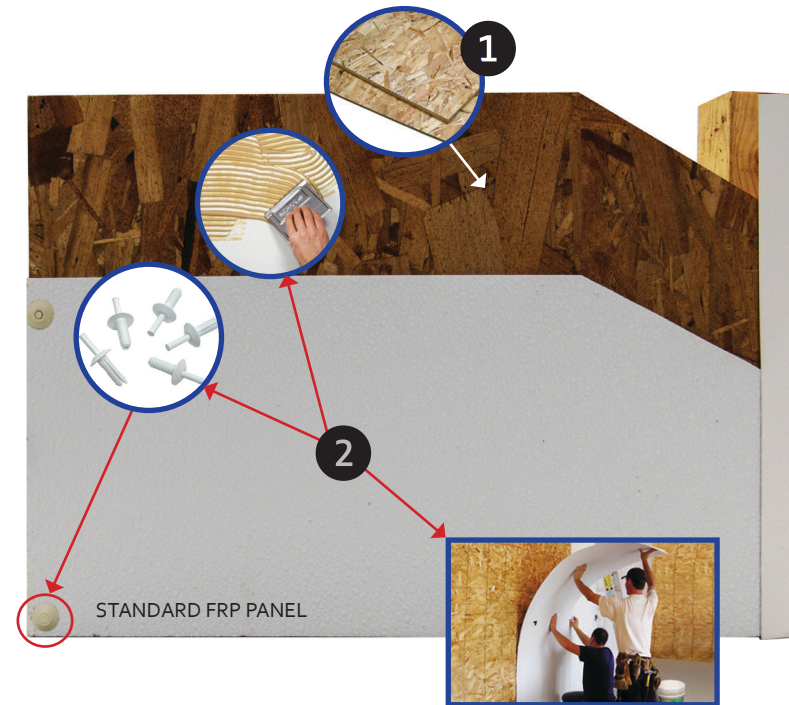

VINYL WALL & CEILING PANELS

Saves on material costs & installation time

- No backer needed **1**
- 40% less material cost
- Labor savings of 50% **2**
- ASTM tested to meet FRP standards
- Will never absorb moisture; won't rot or mold
- Made in the USA

VS

STANDARD FRP PANEL

STANDARD FRP PANELS

Higher material and labor cost

- Requires backer (OSB, Drywall, or Plywood) **1**
- Double the material costs with backer
- Higher labor costs - installation requires glue & surface fasteners **2**
- May rot & mold with wood moisture absorption
